BUCKET LIST BASH
NAPLES

clair de lune

In a year unlike any other, we thank you for your support of the Bucket List Bash. Having the opportunity to chair this event and see our community come together has truly been something special. We humbly thank you for joining the American Cancer Society in leading the fight for a world without cancer.

Cheers!

Anita Lovse & Jennifer McCurry
2021 Bucket List Bash Co-Chairs

2021 Chairs

Anita Louse

Anita, originally from Slovenia, finds herself dedicated to community involvement no matter if she is living in Slovenia, Monte Carlo or Naples. This is her third year of involvement with the Bucket List Bash. She is also proud mom of two kids – Thomas and Valentina.

It is my honor and blessing to chair the 11th Bucket List Bash gala. Our team is working tirelessly to make this event the most successful and memorable. It is so important that we step together to fight against cancer. We can do so much together.

I am personally driven since I know too many people who have lost their lives to cancer, starting with my own family and dear friends. The pain of the loss of life to cancer is something that drives me to help achieve the ACS mission – life without cancer!

2021 Chairs

Jennifer McCurry

Jennifer and her family have shown their passion for philanthropy and the community since moving to Naples over 15 years ago. With a strong desire to give back, Jennifer also works with local organizations, The Shelter for Abused Women and Children, Youth Haven, and The Naples Zoo. Professionally, Jennifer is a certified gemologist of over 20 years, where her creativity flourishes in the curating and styling of special and unique jewelry for clients. Jennifer is compassionate about people and relationships, while being an advocate for those who need support.

Jennifer began her involvement with the American Cancer Society in 2015 when she chaired the Bucket List Bash. Since starting, her goal has remained the same: education, research, and the ultimate cure for cancer.

2021 Honorary Chair

Richard Lublin

Dr. Richard Lublin was born in Hartford, Connecticut. He attended Hall High School before enrolling at Duke University, where he earned his B.A. After graduating Cornell Law School with a J.D., Dr. Lublin became a trial attorney in Hartford. He was a founding partner of a highly successful law firm and practiced until 1996.

After retiring from his law practice, Dr. Lublin turned to acting appearing in television and film roles including *Frasier*, *Law & Order*, *Married With Children*, *Ally McBeal*, *Chicago Hope*, *Before The Devil Knows You're Dead* and *The Land of Steady Habits*.

Giving back to the community has always held a special place in Dr. Richard Lublin's heart. A generous philanthropist, Dr. Lublin has established medical research foundations, sponsored educational prizes and donated educational scholarships. Dr. Lublin chaired the 2018 Bucket List Bash which notably featured a performance by the legendary Diana Ross.

In May 2019, when Dr. Lublin was the commencement speaker at the University of Connecticut's graduation, the University bestowed upon him a doctorate degree.

2021 Performer

Javor Bracic

The Croatian pianist Javor Bracic was hailed by New York Concert Review for “deep, genuine musicianship and an outstanding technique.” His thirty years of concert experience spans five continents and includes first prizes in international piano competitions in Italy, Belgium, and Croatia. His commitment to a solo career as well as outreach brought him to a variety of venues ranging from Carnegie Hall and the Kennedy Center to hospitals and nursing homes. His CD album *Tribute to Haydn* was released on Labor Records and his performance was broadcast on WQXR.

Javor has started a series of conversation-concerts under the title *The Art of Listening* in order to promote the understanding and appreciation of classical music. He was praised by the audience for his “contagious enthusiasm” and “unique ability to elucidate imagery both as a performer and teacher.” Since December 2016 he is a lecturer at the *92nd Street Y*.

Javor holds degrees from the University of Mozarteum in Salzburg and Mannes College in New York. He is currently pursuing a Doctor of Musical Arts degree at the City University of New York, studying with Ursula Oppens and Richard Goode.

More than 1.8 million new cancer cases are expected to be diagnosed in the United States in 2020. Without the American Cancer Society's nearly 75 years of investments in research, patients wouldn't have as many treatment strategies, screening tools and preventative measures. As the largest private not-for-profit, non-governmental funder of cancer research in the US, we've played a role in many of the major cancer research breakthroughs in the last century.
